Professional Summary

Computer Science graduate with hands-on experience in Data Analysis. Skilled in SQL, Power BI, Python, and Excel for data-driven decision-making. Built dashboards and analytical models to extract insights and improve business performance. Seeking entry-level Data Analyst roles.

Technical Skills

- **Languages:** Python, SQL
- **Libraries:** Pandas, NumPy
- **Tools:** Power BI, Excel, MySQL, Git, Jupyter Notebook
- **Concepts:** Data Cleaning, EDA, Data Visualization, ETL, Data Analysis

Education

B.Tech in Computer Science and Engineering 2021 – 2025
Nehru Institute of Engineering and Technology, Coimbatore
CGPA: 7.3 / 10

Intermediate 2019 – 2021
NRI Junior College, Vijayawada
Score: 860 / 1000

Experience

Data Analytics Intern — Kapil IT Skill Hub Feb 2024 – Jun 2024

- Analyzed datasets using SQL to extract business insights
- Built Power BI dashboards to visualize KPIs and trends
- Conducted exploratory data analysis using Python (Pandas)

Projects

- Sales Performance Dashboard (SQL + Power BI)**
- Analyzed 5K+ sales records using SQL to extract actionable insights
 - Built interactive Power BI dashboards to track KPIs like revenue, profit, and trends
 - Identified top-performing products and regional sales patterns
 - Applied data cleaning and transformation techniques for accurate reporting
- Customer Segmentation Analysis (Python + Power BI)**
- Performed data cleaning and exploratory data analysis on customer dataset
 - Applied K-Means clustering to segment customers based on behavior
 - Identified high-value customer groups to improve marketing strategies
 - Visualized customer segments using Power BI dashboards
- AI Resume Screening System**
- Built NLP-based system to analyze resumes and extract key skills
 - Matched candidate profiles with job descriptions
 - Automated ranking system to shortlist candidates efficiently

Certifications

- Data Visualisation: Empowering Business with Effective Insights — Tata (Forage)
- Mastering Power BI Report Design — Udemy
- Python Programming — IIT Bombay

Achievements

- Developed multiple Data Analysis projects using Python and SQL
- Completed industry-level job simulations in Data Analytics
